

Science question for grades 9-12 bobcat
Please note – written responses should be graded by the
appropriate rubrics as found on the source page.

Read about the bobcat at
<http://www.bigcatrescue.org/bobcat.htm>

Long-Answer

Scientists believe that animals evolve in response to their environment. Today's bobcat has also adapted to its environment. Describe this ecosystem and what features of the bobcat make it a successful predator. Use details and examples from the readings to explain your answer.
