3.125 (a)

FACILITIES, GENERAL.

Sec. 3.125 Facilities, general.

(a) Structural strength.. The facility must be constructed of such material and of such strength as appropriate for the animals involved. The indoor and outdoor housing facilities shall be structurally sound and shall be maintained in good repair to protect the animals from injury and to contain the animals.

****The lion enclosure had some areas where the lion is digging and exposing the underground wire. Also around the shelter all the footings are exposed due to the lion digging.

****In order to prevent any escape, accident or animals coming inside the enclosure housing facilities shall be structurally sound and shall be maintained in good repair to protect the animals from injury and to contain the animals.

****The owner is working on this issue but still needs to do additional work.

****To be corrected by 3-30-2013.

***An exit interview was conducted with the director.
