VIOLATION OF FLORIDA LITTER LAW

INVESTIGATION

On February 28, 1994, writer responded to 725 V.S. Hwy 92, Seffner, upon the request of Wayne Lawton with the Hillsborough County Dept. of Solid Waste.

Upon arrival, writer was advised by Wayne Lawton that he had followed a vehicle pulling a trailer loaded with garbage to this location. Writer was further advised by Wayne Lawton that the vehicle had passed the C.R. 579 Community Disposal Center and he was curious where the garbage would be dumped. Writer and Wayne Lawton contacted the driver of the vehicle, Kenneth Faer, who referred us to his employee, Jack Howard Lewis. Writer and Wayne Lawton interviewed Mr. Lewis and informed him that he was not allowed to burn any debris on his property. This report is a supplement to Deputy W.

There was a hole dug. And trash in the hole. I, Kenneth, did not see anybody put the trash in the hole or burn it. Don had never told me to burn trash or bury trash. His son dug a hole but I didn't see him put trash in it or burn it. A man that works for Don drove a van in with a red trailer. A Sheriff drove in behind. He wanted to speak with him. Don drove up and talked to him. Told him where the trailer and trash came from and told him that he took it to the landfill. The man driving the van I know as Richard who works for Don Lewis and has keys to the gate.

After EPC came out Don employees came out to clean up. I took a dozer and crushed a mobile home.

And went to take tires to a man that worked for Don when I came back the same people was still here.
